# 40 C.F.R. § 147.2906

---

## Emergency permits.

---

(a) An emergency permit may be issued if:

- (1) There will be an imminent health hazard unless an emergency permit is issued; or
- (2) There will be a substantial and irretrievable loss of oil and gas resources, timely application for a permit could not practicably have been made, and injection will not result in movement of fluid into an USDW; or
