

40 C.F.R. § 1515.1

FOIA procedures.

The Freedom of Information Act (5 U.S.C. 552), as amended, commonly known as FOIA, is a Federal law that creates a procedure for any person to request documents and other records from United States Government agencies. The law requires every Federal agency to make available to the public the material requested, unless the material falls under one of the limited exemptions stated in Section 552(b) of the Act. These procedures explain how the Council on Environmental Quality (CEQ)—one of several agencies in the Executive Office of the President—will carry out the FOIA. They are written from the standpoint of a FOIA requester and should be read together with the FOIA, which provides additional information about access to records maintained by CEQ. This information is furnished for the guidance of the public and in compliance with the requirements of Section 552 of title 5, United States Code, as amended.
