

40 C.F.R. § 166.3

Definitions.

Terms used in this part have the same meaning as in the Act. In addition, as used in this part, the following terms shall apply:

Act means the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.

Agency and EPA mean the U. S. Environmental Protection Agency.

Beneficial organism means any pollinating insect, or any pest predator, parasite, pathogen or other biological control agent which functions naturally or as part of an integrated pest management program to control another pest.

Emergency condition means an urgent, non-routine situation that requires the use of a pesticide(s) and shall be deemed to exist when:

- (1) No effective pesticides are available under the Act that have labeled uses registered for control of the pest under the conditions of the emergency; and
- (2) No economically or environmentally feasible alternative practices which provide adequate control are available; and
