

## 40 C.F.R. § 166.53

---

### EPA review of crisis exemption and revocation of authority.

---

- (a) *Review.* When a crisis exemption is about to be or has already been declared by a State or Federal agency, EPA will undertake an expedited review of the pesticide to determine if use of the pesticide may result in such unreasonable health or environmental risks that the crisis authority should not be exercised or the crisis exemption should be revoked.
