

40 C.F.R. § 180.109

Fenpicoxamid; Tolerances for residues.

(a) *General.* Tolerances are established for residues of fenpicoxamid including its metabolites and degradates, in or on the commodities in the table below. Compliance with the tolerance levels for fenpicoxamid is to be determined by measuring only fenpicoxamid ([4-methoxy-2-[[[(3S,7R,8R,9S)-9-methyl-8-(2-methyl-1-oxopropoxy)-2,6-dioxo-7-(phenylmethyl)-1,5-dioxonan-3-yl]amino]carbonyl]-3-pyridinyl]oxy)methyl 2-methylpropanoate) in or on the commodity.
