

## 40 C.F.R. § 180.331

---

### 4-(2,4-Dichlorophenoxy) butyric acid; tolerances for residues.

---

(a) *General.* Tolerances are established for residues of the herbicide 4-(2,4-dichlorophenoxy) butyric acid (2,4-DB), both free and conjugated, determined as the acid, in or on food commodities, as follows:
