

40 C.F.R. § 180.486

Chlorethoxyfos; tolerances for residues.

- (a) *General.* Tolerances are established for residues of the insecticide chlorethoxyfos, including its metabolites and degradates, in or on the commodities in the table in this paragraph. Compliance with the tolerance levels specified in this paragraph is to be determined by measuring only chlorethoxyfos, O,O-diethyl O-(1,2,2,2-tetrachloroethyl) phosphorothioate, in or on the commodity.
