

40 C.F.R. § 205.57-8

Continued testing.

- (a) If a batch sequence is rejected in accordance with paragraph (b) of § 205.57-7, the Administrator may require that any or all vehicles of that category, configuration or subgroup thereof produced at that plant be tested before distribution in commerce.
- (b) The Administrator will notify the manufacturer in writing of his intent to require such continued testing of vehicles pursuant to paragraph (a) of this section.
