## Inspection and monitoring.

---

(a) Any inspecting or monitoring activities that EPA conducts under this part with respect to the requirements set out in regulations published under this part, will be for the purpose of determining:

- (1) Whether test products are being selected and prepared for testing in accordance with the provisions of the regulations;
- (2) Whether test product testing is being conducted according to the provisions of those regulations; and
- (3) Whether products that are being produced and distributed into commerce comply with the provisions of those regulations.

(b) The Director of the Noise Enforcement Division may request that a manufacturer who is subject to this part admit an EPA Enforcement Officer during operating hours to any of the following:

- (1) Any facility or site where any product to be distributed into commerce is manufactured, assembled, or stored;
