

40 C.F.R. § 230.80

Advanced identification of disposal areas.

(a) Consistent with these Guidelines, EPA and the permitting authority, on their own initiative or at the request of any other party and after consultation with any affected State that is not the permitting authority, may identify sites which will be considered as:

- (1) Possible future disposal sites, including existing disposal sites and non-sensitive areas; or
- (2) Areas generally unsuitable for disposal site specification;
