

## 40 C.F.R. § 418.23

---

### Effluent limitations guidelines representing the degree of effluent reduction attainable by the application of the best available technology economically achievable.

---

Except as provided in §§ 125.30 through 125.32, the following limitations establish the quantity or quality of pollutants or pollutant properties, which may be discharged by a point source subject to the provisions of this subpart after application of the best available technology economically achievable.
