## 40 C.F.R. § 432.82

---

### Effluent limitations attainable by the application of the best practicable control technology currently available (BPT).

---

Except as provided in 40 CFR 125.30 through 125.32, any existing point source subject to this subpart must achieve the following effluent limitations representing the application of BPT:

- (a) Facilities that generate no more than 50 million pounds per year of finished products must achieve the following effluent limitations:
