

40 C.F.R. § 725.424

Requirements for the Tier I exemption.

(a) *Conditions of exemption.* The manufacture or import of a new microorganism for commercial purposes is not subject to review under this part if all of the following conditions are met for all activities involving the new microorganism:

- (1) The recipient microorganism is listed in and meets any requirements specified in § 725.420.
- (2) The introduced genetic material meets the criteria under § 725.421.
- (3) The physical containment and control technologies of any facility in which the microorganism will be manufactured, processed, or used meet the criteria under § 725.422.
