

40 C.F.R. § 790.93

Termination of conditional exemption.

(a) EPA shall terminate a conditional exemption if it determines that:

- (1) The test which provided the basis for approval of the exemption application has not been started by the deadlines for initiation of testing adopted in the test rule or modified in accordance with § 790.55; or
- (2) Data required by the test rule have not been generated in accordance with the test standards or submitted in accordance with the deadlines for submission of test data that were adopted in the test rule or modified in accordance with § 790.55; or
