

## 40 C.F.R. § 300.105

---

### General organization concepts.

---

(a) Federal agencies should:

- (1) Plan for emergencies and develop procedures for addressing oil discharges and releases of hazardous substances, pollutants, or contaminants;
- (2) Coordinate their planning, preparedness, and response activities with one another;
- (3) Coordinate their planning, preparedness, and response activities with affected states, local governments, and private entities; and
- (4) Make available those facilities or resources that may be useful in a response situation, consistent with agency authorities and capabilities.

(b) Three fundamental kinds of activities are performed pursuant to the NCP:
