

40 C.F.R. § 265.259

Response actions.

- (a) The owner or operator of waste pile units subject to § 265.254 must develop and keep on-site until closure of the facility a response action plan. The response action plan must set forth the actions to be taken if the action leakage rate has been exceeded. At a minimum, the response action plan must describe the actions specified in paragraph (b) of this section.
- (b) If the flow rate into the leak determination system exceeds the action leakage rate for any sump, the owner or operator must:
- (1) Notify the Regional Administrator in writing of the exceedance within 7 days of the determination;
