

40 C.F.R. § 98.442

GHGs to report.

You must report:

- (a) Mass of CO₂ received.
- (b) Mass of CO₂ injected into the subsurface.
- (c) Mass of CO₂ produced.
- (d) Mass of CO₂ emitted by surface leakage.
- (e) Mass of CO₂ emissions from equipment leaks and vented emissions of CO₂ from surface equipment located between the injection flow meter and the injection wellhead.
