

## 40 C.F.R. § 62.15860

---

### What SSI units are exempt from the federal plan?

---

This subpart exempts combustion units that incinerate sewage sludge and are not located at a wastewater treatment facility designed to treat domestic sewage sludge. These units may be subject to another subpart of this part (*e.g.*, subpart III of this part). If you own or operate such a combustion unit, you must notify the Administrator of an exemption claim under this section.
