

## 40 C.F.R. § 63.4690

---

### What emission limits must I meet?

---

- (a) For a new or reconstructed affected source, you must limit organic HAP emissions to the atmosphere to no more than the applicable emission limit(s) in Table 1 to this subpart, determined according to the requirements in § 63.4741, § 63.4751, or § 63.4761.
