

40 C.F.R. § 63.8800

What performance tests and other procedures must I use to demonstrate compliance with the emission limit for flame lamination?

- (a) You must conduct each performance test in Table 3 to this subpart that applies to you.
- (b) Each performance test must be conducted according to the requirements in paragraph (c) of this section and under the specific conditions in Table 3 to this subpart.
- (c) You must conduct each performance test under conditions representative of normal operations. You may not conduct performance tests during periods of SSM. The owner or operator must record the process information that is necessary to document operating conditions during the test and include in such record an explanation to support that such conditions represent normal operation. Upon request, the owner or operator shall make available to the Administrator such records as may be necessary to determine the conditions of performance tests.
