Upgrades and additional environmental information.

(a) *Environmental category upgrades.* If the WGMA and the Department of the Treasury determine that a project would have a significant impact on the human environment, but that the level of environmental analysis planned by the MDB is insufficient, the Department of the Treasury will instruct the United States Executive Director of the concerned MDB to request that the MDB upgrade the project to an environmental category requiring additional environmental analysis. Members of the public may call the MDB Office to inquire about upgrade requests for specific projects.
