Preemployment inquiries.

- (a) Except as provided in paragraphs (b) and (c) of this section, a recipient may not conduct preemployment medical examinations or make preemployment inquiry of an applicant for employment or training as to whether the applicant is a handicapped person or as to the nature or the severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.
- (b) When a recipient is taking remedial action to correct the effects of past discrimination, when a recipient is taking voluntary action to overcome the effects of conditions that resulted in limited participation in its federally-assisted program or activity, or when a recipient is taking affirmative action pursuant to section 503 of the Act, the recipient may invite applicants for employment or training to indicate whether and to what extent they are handicapped if:
- (1) The recipient states clearly on any written questionnaire used for this purpose or makes clear orally, if no written questionnaire is used, that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts.
