

29 C.F.R. § 510.20

Wage surveys in Puerto Rico.

- (a) The legislative history to the 1989 Amendments (Conference Report 101-47 on H.R. 2, May 8, 1989) stated that for any industry to qualify for an extended minimum wage phase-in, the government of Puerto Rico would be required to furnish official survey data substantiating that an industry's average hourly wage is below either the \$4.65 or \$4.00 threshold level. Such data were to be compiled and submitted for review to the Department.
- (b) *Manufacturing industries.* For purposes of implementing section 6(c) of the Act, as amended, Puerto Rico has submitted its Census of Manufacturing Industries. The Bureau of Labor Statistics of Puerto Rico regularly gathers data from manufacturing establishments regarding employment, hours and earnings. The data include hourly earnings for production and related workers and are generally specific to the four-digit SIC code level.
