
29 C.F.R. § 520.505

How will I be notified that my request to employ student-learners at subminimum wages has been denied and can I appeal the denial?

- (a) If, after review, an application is denied, notification of denial will be made to the appropriate school official, the employer and the student. This notification will occur within 30 days following the date such application was forwarded to the Wage and Hour Division, unless additional time for review is considered necessary or appropriate.
