

29 C.F.R. § 541.3

Scope of the section 13(a)(1) exemptions.

- (a) The section 13(a)(1) exemptions and the regulations in this part do not apply to manual laborers or other “blue collar” workers who perform work involving repetitive operations with their hands, physical skill and energy. Such nonexempt “blue collar” employees gain the skills and knowledge required for performance of their routine manual and physical work through apprenticeships and on-the-job training, not through the prolonged course of specialized intellectual instruction required for exempt learned professional employees such as medical doctors, architects and archeologists. Thus, for example, non-management production-line employees and non-management employees in maintenance, construction and similar occupations such as carpenters, electricians, mechanics, plumbers, iron workers, craftsmen, operating engineers, longshoremen, construction workers and laborers are entitled to minimum wage and overtime premium pay under the Fair Labor Standards Act, and are not exempt under the regulations in this part no matter how highly paid they might be.
