
29 C.F.R. § 553.30

Occasional or sporadic employment—section 7(p)(2).

- (a) Section 7(p)(2) of the FLSA provides that where State or local government employees, solely at their option, work occasionally or sporadically on a part-time basis for the same public agency in a different capacity from their regular employment, the hours worked in the different jobs shall not be combined for the purpose of determining overtime liability under the Act.
- (b) *Occasional or sporadic.* (1) The term *occasional or sporadic* means infrequent, irregular, or occurring in scattered instances. There may be an occasional need for additional resources in the delivery of certain types of public services which is at times best met by the part-time employment of an individual who is already a public employee. Where employees freely and solely at their own option enter into such activity, the total hours worked will not be combined for purposes of determining any overtime compensation due on the regular, primary job. However, in order to prevent overtime abuse, such hours worked are to be excluded from computing overtime compensation due only where the occasional or sporadic assignments are not within the same general occupational category as the employee's regular work.
