

## 29 C.F.R. § 570.110

---

### “In or about”.

---

(a) Section 12(a) excludes from the channels of interstate commerce goods produced in an establishment “in or about” which oppressive child labor has been employed. In a great many situations it is obviously easy to determine whether a minor is employed “in” an establishment. Thus, he is so employed where he performs his occupational duties on the premises of the producing establishment. Furthermore, a minor is also considered as employed in an establishment where he performs most of his duties off the premises but is regularly required to perform certain occupational duties in the establishment, such as loading or unloading a truck, checking in or out, or washing windows. This is true in such cases even though the minor is employed by someone other than the owner or operator of the particular establishment. On the other hand, a minor is not considered to be employed in an establishment other than his employer's merely because such establishment is visited by him for brief periods of time and for the sole purpose of picking up or delivering a message or other small article.
