

29 C.F.R. § 1602.47

Definition.

Under subparts O and P of this part, the term *institution of higher education* means an institutional system, college, university, community college, junior college, and any other educational institution which offers an associate degree, baccalaureate degree or higher degree or which offers a two year program of college level studies without degree. The term *college level studies* means a post secondary program which is wholly or principally creditable toward a baccalaureate degree or terminates in an associate degree.
