### Meaning of “gasoline service establishment.”

---

(a) A gasoline service station or establishment is one which is typically a physically separate place of business engaged primarily (“primarily” meaning 50 percent or more) in selling gasoline and lubricating oils to the general public at the station or establishment. It may also sell other merchandise or perform minor repair work as an incidental part of the business. (See S. Rept. 145, 87th Cong., first session, p. 32.) No difference in application of the terms “gasoline service establishment” and “gasoline service station” was intended by Congress (see Senate Report cited above) and both carry the same meaning.
