

Report on Supply Chain Compliance Volume 2, Number 13. July 18, 2019

The effect of sanctions on trade relations

By Sascha Matuszak

The trade conflict between China and the U.S. has had a great impact on the global technology supply chain, but the re-ordering has other motives and consequences, as well. Japan, for example, recently curbed its trade relationship with South Korea, following a ruling by South Korea's Supreme Court that Japan's Nippon Steel Corp. must compensate South Koreans for forced labor during the war.
