

## 29 C.F.R. § 1915.151

---

### Scope, application and definitions.

---

(a) *Scope and application.* This subpart applies to all work in shipyard employment regardless of geographic location.

(b) *Definitions applicable to this subpart.* *Anchorage* means a secure point of attachment for lifelines, lanyards, or deceleration devices.

*Body belt* means a strap with means for both securing it about the waist and attaching it to a lanyard, lifeline, or deceleration device.

*Body harness* means straps which may be secured about the employee in a manner that will distribute the fall arrest forces over at least the thighs, shoulders, chest and pelvis with means for attaching it to other components of a personal fall arrest system.

*Connector* means a device which is used to couple (connect) parts of a personal fall arrest system or parts of a positioning device system together. It may be an independent component of the system, such as a carabiner, or it may be an integral component of part of the system (such as a buckle or D-ring sewn into a body belt or body harness or a snaphook spliced or sewn to a lanyard or self-retracting lanyard).
