
29 C.F.R. § 1915.504

Fire watches.

(a) *Written fire watch policy.* The employer must create and keep current a written policy that specifies the following requirements for employees performing fire watch in the workplace:

- (1) The training employees must be given (§ 1915.508(c) contains detailed fire watch training requirements);
- (2) The duties employees are to perform;
- (3) The equipment employees must be given; and
- (4) The personal protective equipment (PPE) that must be made available and worn as required by 29 CFR Part 1915, Subpart I.

(b) *Posting fire watches.* The employer must post a fire watch if during hot work any of the following conditions are present:

- (1) Slag, weld splatter, or sparks might pass through an opening and cause a fire;
