

29 C.F.R. § 1915.83

Utilities.

- (a) *Steam supply system.* (1) The employer shall ensure that the vessel's steam piping system, including hoses, is designed to safely handle the working pressure prior to supplying steam from an outside source. The employer shall obtain a written or oral determination from a responsible vessel's representative, a contractor, or any other person who is qualified by training, knowledge, or experience to make such determination that the working pressure of the vessel's steam piping system is safe.
- (2) The employer shall ensure that each outside steam supply connected to a vessel's steam piping system meets the following requirements:
