

29 C.F.R. § 1917.48

Conveyors.

- (a) *Guards.* (1) Danger zones at or adjacent to conveyors shall be guarded to protect employees.
- (2) An elevated walkway with guardrail or equivalent means of protection shall be provided where employees cross over moving conveyors, and suitable guarding shall be provided when employees pass under moving conveyors.
- (b) *Moving parts.* Conveyor rollers and wheels shall be secured in position.
- (c) *Positioning.* Gravity conveyor sections shall be firmly placed and secured to prevent them from falling.
