

29 C.F.R. § 1926.15

Relationship to the Service Contract Act; Walsh-Healey Public Contracts Act.

(a) A contract for “construction” is one for nonpersonal service. See, e.g., 41 CFR 1-1.208. Section 2(e) of the Service Contract Act of 1965 requires as a condition of every Federal contract (and bid specification therefor) exceeding \$2,500, the “principal purpose” of which is to furnish services to the United States through the use of “service employees,” that certain safety and health standards be met. See 29 CFR part 1925, which contains the Department rules concerning these standards. Section 7 of the Service Contract Act provides that the Act shall not apply to “any contract of the United States or District of Columbia for construction, alteration, and/or repair, including painting and decorating of public buildings or public works.” It is clear from the legislative history of section 107 that no gaps in coverage between the two statutes are intended.
