## 29 C.F.R. § 1926.903

---

### Underground transportation of explosives.

---

- (a) All explosives or blasting agents in transit underground shall be taken to the place of use or storage without delay.
- (b) The quantity of explosives or blasting agents taken to an underground loading area shall not exceed the amount estimated to be necessary for the blast.
- (c) Explosives in transit shall not be left unattended.
- (d) The hoist operator shall be notified before explosives or blasting agents are transported in a shaft conveyance.
- (e) Trucks used for the transportation of explosives underground shall have the electrical system checked weekly to detect any failures which may constitute an electrical hazard. A certification record which includes the date of the inspection; the signature of the person who performed the inspection; and a serial number, or other identifier, of the truck inspected shall be prepared and the most recent certification record shall be maintained on file.
