

29 C.F.R. § 1952.2

Oregon.

- (a) The Oregon State plan received initial approval on December 28, 1972.
- (b) The Oregon State plan received final approval on May 12, 2005.
- (c) Under the terms of the 1978 Court Order in *AFL-CIO v. Marshall*, compliance staffing levels (“benchmarks”) necessary for a “fully effective” enforcement program were required for each State operating an approved State plan. In October 1992, Oregon completed, in conjunction with OSHA, a reassessment of the health staffing level initially established in 1980 and proposed a revised health benchmark of 28 health compliance officers. Oregon elected to retain the safety benchmark level established in the 1980 Report to the Court of the U.S. District Court for the District of Columbia in 1980 of 47 safety compliance officers. After opportunity for public comment and service on the AFL-CIO, the Assistant Secretary approved these revised staffing requirements on August 11, 1994.
