

29 C.F.R. § 1952.21

Virginia.

- (a) The Virginia State plan received initial approval on September 28, 1976.
- (b) The Virginia State plan received final approval on November 30, 1988.
- (c) Under the terms of the 1978 Court Order in *AFL-CIO v. Marshall*, compliance staffing levels (benchmarks) necessary for a “fully effective” enforcement program were required to be established for each State operating an approved State plan. In September 1984 Virginia, in conjunction with OSHA, completed a reassessment of the levels initially established in 1980 and proposed revised compliance staffing benchmarks of 38 safety and 21 health compliance officers. After opportunity for public comment and service on the AFL-CIO, the Assistant Secretary approved these revised staffing requirements on January 17, 1986.
