

## 29 C.F.R. § 1954.2

---

### Monitoring system.

---

- (a) To carry out the responsibilities for continuing evaluation of State plans under section 18(f) of the Act, the Assistant Secretary has established a State Program Performance Monitoring System. Evaluation under this monitoring system encompasses both the period before and after a determination has been made under section 18(e) of the Act. The monitoring system is a three phased system designed to assure not only that developmental steps are completed and that the operational plan is, in fact, at least as effective as the Federal program with respect to standards and enforcement, but also to provide a method for continuing review of the implementation of the plan and any modifications thereto to assure compliance with the provisions of the plan during the time the State participates in the cooperative Federal-State program.
