

## 29 C.F.R. § 2205.135

---

### Electronic and information technology requirements.

---

- (a) In accordance with section 508 and the standards published by the Architectural and Transportation Barriers Compliance Board at 36 CFR part 1194, the agency shall ensure, absent an undue burden, that the electronic and information technology developed, procured, maintained, or used by the agency allows:
