

## 29 C.F.R. § 2701.7

---

### Expedited closing procedure.

---

(a) *Policy.* Although it is the general policy of the Commission to open to the public meetings that may be subject to closure, including meetings concerning adjudication of cases, the Commission may find it necessary in the public interest to close meetings. The purpose of this section is to provide an expedited closing procedure under 5 U.S.C. 552b(d)(4). The Commission has determined that, inasmuch as the Commission's responsibilities are almost entirely adjudicatory, a majority of its meetings may properly be closed under 5 U.S.C. 552b(c)(10). Although the Commission has to date held few meetings, those that have been held concerned the adjudication of cases and could properly have been closed.
