
29 C.F.R. § 4022.10

Earliest PBGC Retirement Date.

The Earliest PBGC Retirement Date for a participant is the earliest date on which the participant could retire under plan provisions for purposes of section 4044(a)(3)(B) of ERISA. The Earliest PBGC Retirement Date is determined in accordance with this § 4022.10. For purposes of this § 4022.10, “age” means the participant's age as of his or her last birthday (unless otherwise required by the context).

- (a) *Immediate annuity at or after age 55.* If the earliest date on which a participant could separate from service with the right to receive an immediate annuity is on or after the date the participant reaches age 55, the Earliest PBGC Retirement Date for the participant is the earliest date on which the participant could separate from service with the right to receive an immediate annuity.
- (b) *Immediate annuity before age 55.* If the earliest date on which a participant could separate from service with the right to receive an immediate annuity is before the date the participant reaches age 55, the Earliest PBGC Retirement Date for the participant is the date the participant reaches age 55 (except as provided in paragraph (c) of this section).
- (c) *Facts and circumstances.* If a participant could separate from service with the right to receive an immediate annuity before the date the participant reaches age 55, the PBGC will make a determination, under the facts and circumstances, as to whether the participant could retire under plan provisions for purposes of section 4044(a)(3)(B) of ERISA on an earlier date. If the PBGC determines, under the facts and circumstances, that the participant could retire under plan provisions for those purposes on an earlier date, that earlier date is the Earliest PBGC Retirement Date for the participant. In making this determination, the PBGC will take into account plan provisions (e.g., the general structure of the provisions, the extent to which the benefit is subsidized, and whether eligibility for the benefit is based on a substantial service or age-and-service requirement), the age at which employees customarily retire (under the particular plan or in the particular company or industry, as appropriate), and all other relevant considerations. Neither a plan's reference to a separation from service at a particular age as a “retirement” nor the ability of a participant to receive an immediate annuity at a particular age necessarily makes the date the participant reaches that age the Earliest PBGC Retirement Date for the participant. The Earliest PBGC Retirement Date determined by the PBGC under this paragraph (c) will never be earlier than the earliest date the participant could separate from service with the right to receive an immediate annuity.
