

29 C.F.R. § 4050.201

Purpose and scope.

(a) *In general.* This subpart describes PBGC's missing participants program for single-employer and multiemployer defined contribution retirement plans. The missing participants program is a program to hold retirement benefits for missing participants and beneficiaries in terminated retirement plans and to help them find and receive the benefits being held for them. For a plan to which this subpart applies, this subpart describes what the plan must do upon plan termination if it elects to use the missing participants program for missing participants and beneficiaries who are entitled to distributions. This subpart applies to a plan only if it is a plan—
