

## 2 C.F.R. § 1500.12

---

### Quality Assurance.

---

- (a) Quality assurance applies to all assistance agreements that involve environmentally related data operations, including environmental data collection, production or use.
- (b) Recipients shall develop a written quality assurance system commensurate with the degree of confidence needed for the environmentally related data operations.
- (c) If the recipient complies with EPA's quality policy, the system will be presumed to be in compliance with the quality assurance system requirement. The recipient may also comply with the quality assurance system requirement by complying with American National Standard ASQ/ANSI E4:2014: Quality management systems for environmental information and technology programs.
