I am sure Medicare telehealth services are on every compliance professional's radar. This is a changing area and it is important for compliance professionals to be at the table if/when these programs are set up and expanded.

The CMS Medicare Learning Network, "Telehealth Services," ICN 901705 dated January 2019, did a good job explaining the billing and payment rules for professional services furnished via telehealth as well as the billing and payment for the originating site facility fees.<sup>[1]</sup>
