
45 C.F.R. § 233.24

Retrospective budgeting; determining eligibility and computing the assistance payment in the initial one or two months.

- (a) States which make assistance payments within 25 days of the close of the budget month shall determine eligibility and compute the amount of the payment for all recipients prospectively for the initial month of assistance. These States may choose to determine eligibility and compute the payment prospectively for the second month, also.
