

## 45 C.F.R. § 261.24

---

### How will we determine a State's two-parent work rate?

---

(a)

(1) The two-parent participation rate for a fiscal year is the average of the State's two-parent participation rates for each month in the fiscal year.

(2) The rate applies to two-parent families with two work-eligible individuals. However, if one of the parents is a work-eligible individual with a disability, we will not consider the family to be a two-parent family; i.e., we will not include such a family in either the numerator or denominator of the two-parent rate.
