

45 C.F.R. § 287.130

Can NEW Program activities include job market assessments, job creation and economic development activities?

(a) A Tribe may conduct job market assessments within its NEW Program. These might include the following:

- (1) Consultation with the Tribe's economic development staff or leadership that oversees the economic and employment planning for the Tribe;
- (2) Consultation with any local employment and training program, Workforce Development Boards, One-Stop Centers, or planning agencies that have undertaken economic and employment studies for the area in which the Tribe resides;
