### Assurances required.

---

(a) *General.* (1) An application for Federal financial assistance to which this part applies, except an application to which paragraph (d) of this section applies, and every application for Federal financial assistance to provide a facility shall, as a condition to its approval and the extension of Federal financial assistance pursuant to the application, contain or be accompanied by, assurances that the program will be conducted or the facility operated in compliance with the requirements imposed by or pursuant to this part. Every award of Federal financial assistance shall require the submission of these assurances. In the case where the Federal financial assistance is to provide or is in the form of personal property, or real property or interest therein or structures thereon, the assurances shall obligate the recipient, or, in the case of a subsequent transfer, the transferee, for the period during which the property is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits, or for as long as the recipient retains ownership or possession of the property, whichever is longer. In other cases, the assurances obligate the recipient for the period during which the Federal financial assistance is extended to the program. In the case where the assistance is sought for the construction of a facility or part of a facility, the assurances shall extend to the entire facility and to the facilities operated in connection therewith. ACTION shall specify the form of the foregoing assurances and the extent to which like assurances will be required of subgrantees, contractors and subcontractors, transferees, successors in interest, and other participants. The assurances shall include provisions which give the United States the right to seek judicial enforcement.
