

45 C.F.R. § 1303.71

Vehicles.

- (a) *Required use of schools buses or allowable alternative vehicles.* A program, with the exception of transportation services to children served under a home-based option, must ensure all vehicles used or purchased with grant funds to provide transportation services to enrolled children are school buses or allowable alternate vehicles that are equipped for use of height- and weight-appropriate child restraint systems, and that have reverse beepers.
- (b) *Emergency equipment.* A program must ensure each vehicle used in providing such services is equipped with an emergency communication system clearly labeled and appropriate emergency safety equipment, including a seat belt cutter, charged fire extinguisher, and first aid kit.
